

Dr William Pierce - Suicide of the White Race (12-23-2000)

<https://www.youtube.com/watch?v=hgzQw1UdYRw>

[WVradioman](#)

Published on May 15, 2016

In addition to the above well articulated speech., the following 2 short videos by the 'late / great' Dr. William Pierce are truly valuable 'constructs' on which to build upon., in order to better understand 'the suicide of our white race'. -- 1: "The Gift of Life":

<https://www.youtube.com/watch?v=yWY7d...> -- 2: "Why So Many Marriages Fail Today": <https://www.youtube.com/watch?v=ss2Va...> I truly hope & pray., that such concepts as those presented above., will become 'part & parcel' of the heart, soul and mind, of those who truly wish to better understand just some of the basic reasons for the deterioration of our once great people.....

00:07

you

00:24

I'm William Pierce chairman of the

00:27

National Alliance

00:30

you

00:50

the salient feature of the 20th century

00:53

was the constant suicide of the white

00:56

race in 1900 we ruled the world we ruled

01:05

politically militarily culturally
01:09
economically scientifically and in every
01:12
other way no other race even came close
01:18
we ruled India and Africa directly and
01:21
China was for all practical purposes an
01:24
economic colony of Europe and America
01:27
Japan was the only non-white nation of
01:31
any significance which even had
01:33
pretensions of economy we had superior
01:37
weapons superior armed forces superior
01:41
communications superior transportation
01:44
superior agriculture and Industry
01:47
superior standards of health superiority
01:50
and every facet of Science and
01:52
Technology we have the best universities
01:55
really the only universities worthy of
01:58
the name the best engineers we built
02:01
things that other races couldn't even
02:03
imagine we explored we conquered we rule
02:15
more important than anything else was
02:19
our moral superiority I don't mean that
02:22
we were meet an inoffensive and turns of
02:26
the other cake I mean that we were proud
02:28

and self-confident we knew who we were
02:32
and we knew that we were far far better
02:35
than anyone else and we weren't at all
02:38
embarrassed that we were better
02:40
we recognized racial differences in the
02:43
same way we recognized that the Sun
02:46
rises in the east and we thought not the
02:49
slightest need to apologize to anyone
02:51
for that egalitarianism was a moral and
02:56
mental disease that afflicted only a few
02:59
of our people
03:00
despite the murderous outburst of
03:02
egalitarian insanity that was the French
03:05
Revolution a century earlier sort of
03:10
racial mixing was at heart to us we
03:13
looked on misregulation with the same
03:16
disgust as on St allottee orange
03:19
rebellion we didn't tolerate and we
03:22
didn't accept or trust Jews that was our
03:27
situation a century ago
03:32
we do have some thoughts however some
03:36
very serious faults we were not vigilant
03:41
we didn't pay attention when a few
03:44

warned us hey we'd better do something
03:47
about the race problem we have 9 million
03:50
non-whites
03:52
in the United States and in the future
03:54
they could become a real problem for us
03:57
start getting rid of them now we thought
04:01
well as long as they stay on their side
04:03
of town and stay out of sight how can
04:06
they be a problem for us besides they're
04:09
useful for the income and as cleaning
04:12
women and cooks and partners what if you
04:19
warned us about the Jews we also didn't
04:22
pay attention if you warned us about the
04:25
damage the Jews and them to us in the
04:27
past about their mamas among their
04:30
growing wealth but most of us didn't the
04:34
warnings seriously
04:36
we saw the users of noxious and
04:40
unpleasant people and we didn't let them
04:42
into our private clubs and our better
04:44
hotels but we didn't consider them
04:47
really dangerous
04:49
we didn't even become alarmed when they
04:52

began buying up our newspapers and
04:54
elbowing their way into other propaganda
04:57
media and lack the vigilance wasn't our
05:01
only fault we were too ready to quarrel
05:06
with one another no other race was seen
05:09
as a friend
05:10
two hours so we felt no need to suppress
05:14
our internal rivalries and jealousies
05:16
and hatreds and form a solid front
05:19
against the non-white world we let
05:22
Fester old rivalries between the English
05:25
and the Germans and between the Germans
05:28
and the French and between the English
05:30
and the Boers in South Africa and
05:32
between those of us who spoke Germanic
05:34
languages and those of us who spoke
05:36
Slavic or Romance languages we didn't
05:40
notice our faults our weaknesses but
05:43
others did the latter half of the 19th
05:48
century saw not only the beginning of
05:50
the acquisition of our mass media by the
05:53
Jews but also the nearly simultaneous
05:56
catching up to long term murderous
05:59

conspiracies designed to exploit our
06:03
weaknesses and turn them against those
06:06
two conspiracies were sciencism and
06:09
Marxism communism some Jews went with
06:15
one some with the other but both were
06:19
deadly for us the Marxist issued their
06:24
communist manifesto as far back as the
06:27
middle of the 19th century but it was
06:30
another 50 years before they were able
06:32
to have much of an impact on the Gentile
06:34
world
06:36
as for the scientists they also began
06:39
propagandizing yet organizing and about
06:42
the middle of the 19th century and only
06:45
became noticeable at the beginning of
06:47
the 20th century when they began to have
06:49
an international Zionist Congress and
06:52
more are less openly laying their plans
06:54
to open Wars and revolutions of which
06:57
they can take advantage to promote
06:59
Jewish interests for example at the
07:05
Zionist Congress in 1897 in Basel
07:08
Switzerland the Zionist leader Theodore
07:11

Herzl told his fellow Jews that they
07:14
were having trouble persuading the Turks
07:16
with that time controlled Palestine to
07:19
turn the country over to them but that
07:21
the Jewish leaders has plans for getting
07:24
around the Turks Herzl said and I quote
07:28
it may mean that Turkey will refuse us
07:31
or will be unable to understand us this
07:34
will not disparage we will seek other
07:37
means to accomplish our in the Orient
07:41
question is now a question of the day
07:43
sooner or later it will bring about a
07:46
comfort among them and the great
07:49
European war must come with watch in
07:53
hand do Iowa this terrible moment after
07:57
the great European war is ended the
08:00
peace conference will assemble we must
08:03
be ready for that time end quote
08:06
remember her soul was talking about the
08:09
Jews plans 17 years before the outbreak
08:12
of the First World War but the Jews were
08:16
ready when the time came in 1916 with
08:21
the war more or less stalemated
08:23

they approached Britain's political
08:26
leaders and made a deal to bring the
08:28
United States into the war on the side
08:30
of bread
08:31
in return for a British promise that
08:33
Palestine away from Turkey and turn it
08:36
over to the Jews to the war the British
08:39
inside of the deal was made published in
08:42
the so called Balfour Declaration of the
08:46
bargain by working through Jews close to
08:49
the Democratic president of the United
08:51
States Woodrow Wilson Wilson had won the
08:57
election to his second term in the White
08:59
House in 1916 by promising American
09:02
voters that he would keep the United
09:04
States out of the European war but as
09:08
soon as he took office in 1917 he began
09:11
scheming to get the countries into the
09:13
war on the side of Britain which of
09:15
course he did to much later a couple of
09:22
million and this milk Gentile lives but
09:25
not Palestine for the Jews and it also
09:28
prolong the war and the Jews and Russia
09:31

to topple the Tsar and get their
09:34
communist revolution off the ground
09:39
what I said that some used of the
09:42
Marxist route and some design in this
09:44
drought I didn't mean that all Jews
09:46
became active workers in one or the
09:49
other of those movements most Jews
09:52
remained full-time money-grubbers and
09:56
provided propaganda and financial
09:58
support for the conspiratorial brethren
10:00
continuing to buy up mass media and to
10:04
dispense capital to the Zionists or to
10:07
the Communists as needed and they didn't
10:09
wait for the First World War for that
10:12
the first big Gentile bloodletting of
10:15
the last century in which they had a
10:17
hand was the Boer War in South Africa
10:21
between the British and the Boers
10:24
this cruel and murderous war in which
10:27
Jewish capitalists were allied with
10:30
braided necklace and in South Africa
10:33
stuck to German and French armory the
10:35
Boers laid the foundations for Jewish
10:38

control of much of Africa's mineral
10:41
wealth
10:43
in 1904 the Jewish Wall Street
10:47
speculators plan ahead for a communist
10:51
takeover of Russia help to the Japanese
10:55
side in the Russian Japanese war and use
10:58
distant blocks to block loans to the
11:01
fires government from America
11:04
this was the same a little more than a
11:08
decade later provided the Jewish
11:10
Bolshevik movement with a solution of 25
11:14
million dollars to finish the job in
11:16
Russia that's 25 million dollars from
11:20
capitalist Wall Street to finance the
11:22
communist butchering of Gentile Russians
11:26
in 1917 25 million dollars was a lot of
11:31
money in any case if bought enough bombs
11:34
and bullets and communist propaganda
11:37
leaflets to get the job done now none of
11:45
this Jewish activity was really secret
11:48
the Muslims didn't know about it because
11:50
it wasn't in the funny papers or the
11:52
movies but Jews weren't even trying to
11:55

keep their sympathies for their
11:57
activities secret and observant Gentiles
11:59
continued to issue warnings to anyone
12:02
who would listen but it's a said a
12:04
moment ago we weren't vigilant white
12:07
Americans didn't believe that they were
12:10
in any danger things such as the deal to
12:14
bring America into the first world war
12:16
in return for the turning of Palestine
12:18
over to the Jews were too subtle for the
12:21
American mind
12:24
Europeans were more vigilant than
12:26
Americans they were more aware of the
12:29
long history of Jewish scheming and
12:32
predation than Americans were for
12:35
another thing in Europe the danger was
12:37
quite a bit closer
12:38
communist parties in a number of
12:40
European countries besides rush
12:43
and taking advantage of the chaos in the
12:45
wake of the war to make grabs for power
12:48
and tempt your countries Hungary for
12:51
example they had succeeded temporarily
12:54

people noticed the ethnicity of the
12:56
commissar and were horrified by their
12:59
behavior toward the Gentile populations
13:04
even insular no less uncommon figure
13:08
than Winston Churchill spoke out clearly
13:11
about the danger of Jewish and communist
13:14
the full page feature article in the
13:17
February 8 1920 you of London's
13:20
Illustrated Sunday Herald Churchill
13:23
wrote is not new from the days of
13:30
Spartacus wipe out to those of Karl Marx
13:33
and down to transmission Russia Leon
13:36
Kuhn and Hungary Rosa Luxemburg in
13:39
Germany and Emma Goldman in the United
13:42
States this worldwide conspiracy for the
13:45
overthrow of civilization and the
13:48
reconstitution of society on the basis
13:51
of arrested development of Indian
13:53
malevolence impossible equality has been
13:57
steadily growing it played indefinitely
14:01
recognizable parts of the tragedy of the
14:03
French Revolution it has been the
14:05
mainspring of every subversive movement
14:07

during the 19th century ordinary
14:13
personalities from the underworld of the
14:16
great cities of Europe and America have
14:18
gripped the Russian people by the hair
14:20
of their heads and have become
14:22
practically the undisputed masters of
14:25
that enormous Empire
14:27
there is no need to exaggerate the part
14:31
played in the creation of Bolshevism and
14:33
an actual bringing about of the Russian
14:35
Revolution by these international and
14:38
for the most part atheistic of Jews it
14:41
is certainly a very great one it
14:43
probably outweighs all others with the
14:46
notable exception of Lenin the majority
14:48
of the leading figures are Jews moreover
14:51
the principle inspiration and driving
14:54
power comes from the Jewish leaders the
14:57
starring a pure Russian is it looks
15:00
Tobias nominal subordinate Litvinov and
15:03
this is boss the Russians like blue
15:05
Cotton or Lunacharsky cannot be compared
15:08
with the power of Constantine or of Genoa
15:11

or of the crossing or running all Jews
15:15
in the Soviet institutions the
15:18
predominance of Jews is even more
15:20
astonishing and the Covenant is not
15:22
indeed the principal part in the system
15:25
of terrorism applied by the
15:27
extraordinary Commission for combating
15:29
counter-revolution the check has been
15:32
taken by Jews and in some notable cases
15:35
by Joyce's the same evil prominence was
15:40
obtained by Jews to the week period of
15:42
terror during which the Laocoon ruled in
15:45
Hungary the same phenomenon has been
15:48
presented in Germany especially in
15:51
Bavaria so far as this madness has been
15:54
allowed to prey upon the temporary
15:55
frustration of the German people almost
15:59
in all these countries there are xenon
16:01
Jews every witness man is the worst of
16:04
the Jewish revolutionaries the part
16:06
played by the latter in proportion to
16:09
their numbers in the population is
16:11
astonishing in the book Churchill said
16:15

quite a bit more in this article about
16:17
the dangerous of allowing Jewish
16:19
communism to go unchecked and if you
16:22
really want to make a study of the
16:24
background of our present miss you
16:26
should read the entire article yourself
16:28
that's the mu8 1920 of the illustrated
16:34
Sunday
16:35
and when you do find the article written
16:37
by one of the most prominent
16:38
personalities of the last century and
16:41
published in a major British newspaper
16:43
you might ask yourself why you have
16:46
never heard of it before I called it to
16:48
your attention I have said we lacked
16:52
vigilance a few people paid attention
16:55
america's pioneer automaker Henry Ford
16:59
for example but most white Americans
17:01
were too busy with their ballgames and
17:03
funny papers among the only people who
17:08
really paid attention were the Germans
17:11
who resolved not to let the Jews do to
17:13
them what they had done to the Russians
17:15

and that tried to be with the Hungarians
17:18
so they proceeded to get Rosa Luxemburg
17:21
and her pals off their backs and out of
17:24
Germany and when the Germans did that
17:27
the Jews in America met screaming bloody
17:29
murder
17:30
and calling for another world war to
17:33
save them from the Germans and by this
17:36
time the Jews had almost a monopoly on
17:40
getting their side of the story
17:41
to the American public well our people
17:47
had one other fall in addition doing
17:49
some adequate sense of racial solidarity
17:51
with other whites around the world and a
17:54
lack of business
17:57
we also lack responsible leadership what
18:02
we had were Hopkins skilled Liars
18:06
factory lawyers who never asked
18:09
themselves what policy it's done for our
18:12
people but holiday how can I get elected
18:15
what policy will miss me popular and
18:20
it's the grip of the Jews on the mass
18:22
media of Hollywood and Madison Avenue
18:24

and therefore on the minds of the public
18:27
became more and more near and complete
18:29
throughout the last century the
18:32
questions of politicians asked
18:34
themselves became more and more what
18:37
must I do to please the Jews and gain
18:40
their support and so in 1933 in the same
18:47
year that a German government took
18:49
office with a policy of freeing the
18:51
German people from the grip of the Jews
18:53
in America a government took office with
18:57
a policy of doing whatever the Jews
18:59
wanted done
19:00
Franklin Roosevelt surrounded himself
19:03
with more Jews than any previous
19:06
American president in this regard he was
19:10
the Bill Clinton of his day using
19:14
Roosevelt as they're willing to the Jews
19:17
pulled the same sort of thing and sweet
19:20
trick on the American people to give us
19:22
into the Second World War
19:24
the thing has pulled using Woodrow
19:26
Wilson to get us into the First World
19:28

War

19:30

just as Wilson has done 24 years earlier

19:33

Roosevelt ran for re-election in 1940 on

19:37

a campaign promise to keep the United

19:39

States out of the war in Europe and

19:44

while he was making that promise to the

19:46

American people he was actively scheming

19:49

with his Jewish advisers and supporters

19:52

to get the United States into the war as

19:55

soon as he could and meanwhile the war

19:58

in Europe going on making promises of

20:00

support to those countries opposed to

20:03

Germany

20:06

it was fighting on the wrong side of

20:09

that war more than anything else which

20:12

laid us to rest and also destroyed the

20:16

British Empire in Lane Britton to there

20:21

was a moral collapse throughout the

20:23

white world it wasn't just the German

20:26

people who lost the Second World War it

20:29

was all Europeans all white people

20:32

including Americans the Jews were the

20:38

only real winners of the war the first

20:42

world war resulted in opening up
20:45
Palestine for their scientists action
20:47
and deliberations Russia to their
20:49
communist patches the Second World War
20:52
not only saved them from Hitler and
20:55
delivered all of Eastern and much of
20:57
Central Europe to their common expansion
20:59
and finish delivering Palestine to their
21:02
Zionist regime the war cost them a
21:06
million or so of the less nimble Jews in
21:09
Europe men gave them a basis for their
21:12
enormous league profitable cost story
21:15
with which they have in the white world
21:17
over the hand ever since
21:24
so today we have George Bush trying to
21:28
have new Bill Clinton in multi-cultural
21:32
Isaac the government of the United
21:33
States patriotic Americans their hope
21:37
and Bush to pull America back from the
21:40
societies of the Clinton era and
21:43
everybody knows is trying to ingratiate
21:46
himself with the Jews I am fighting
21:49
non-whites - the most important poses in
21:52

this administration read the man's lips
21:56
what he's saying is hey I'm really not
21:59
such a bad guy
22:00
see appointing blacks I'm a finding Jews
22:03
I'm appointing Mexicans and the blacks
22:06
and Mexicans I'm appointing or just as
22:09
Pro Jewish design my talking black
22:13
Secretary of State speaks Yiddish
22:15
who will support Jewish interests around
22:17
the world just as strongly as Bill
22:20
Clinton's Jewish Secretary of State has
22:23
done
22:25
Denyce not saying that he's not making
22:28
these appointments because that's what
22:30
Republicans want or even what Americans
22:33
want it's what the Jews want George Bush
22:39
is a hollow man 50 men and George Bush
22:44
is a splendid symbol of the state of our
22:47
race today
22:48
a splendid symbol of our moral collapse
22:52
during the past century this is entirely
22:56
appropriate that he became our
22:58
figurehead leader through the comic
23:00

opera sort of process we have witnessed

23:03

of the first year of this century which

23:06

certainly will be our last century if we

23:10

do not make a radical change of course

23:12

soon and begin regaining our moral

23:15

strength

25:15

you
